WORLD HERITAGE AREA
AND RECREATION AREA
GREAT SANDY NATIONAL PARK

Breathe refreshingly

WELCOME TO FRASER ISLAND (K'GARI)

K'GARI IS THE TRADITIONAL LAND OF THE BUTCHULLA PEOPLE.

K'gari is my favourite place of all! As a Ranger I love educating people about my country. What's good for our country comes first—even before family, because with no country there is no place for the family.

K'gari to me is Mother Earth and is home. Respect her and she will respect us.

Naa yin bunna See you later.

WHY WORLD HERITAGE?

World Heritage areas protect the best examples of natural and cultural heritage on Earth. Fraser Island's outstanding natural features include:

- unusual and diverse plants and animals.

VENTURE SAFELY

Make your visit to Fraser Island memorable for all the right reasons.

LET DINGOES LIVE WILD

Dingoes are protected by law on Fraser Island (K'gari) and are significant to Butchulla people. You might see these wild predatory animals any time of day or night. Follow these simple rules to stay safe around dingoes.

BE DINGO-SAFE!

- ✓ NEVER feed dingoes.
- ✓ Always stay within arm's reach of children, even small teenagers.
- ✓ Walk in groups.
- ✓ Do not run or jog.
- ✓ Camp in fenced areas where possible.
- ✓ Lock up food stores and iceboxes (even on a boat).
- ✓ Never store food or food containers in tents.
- ✓ Secure all rubbish, fish and bait.

Report dingo interactions:

- email: dingo.ranger@npsr.qld.gov.au
- ph: (07) 4127 9150.

LOOK UP AND LOOK OUT

Fraser's eastern beach is Queensland's sandiest national highway. Some parts are also a landing strip for authorised small planes. Give way to planes landing or taking off. Aircraft landing zones are clearly marked with cones and signs and ground crew will direct you if required.

Walkers on the beach cannot hear cars approaching over the sound of wind and waves. People, especially children, can move unexpectedly. Drivers, please remember that 'slower is safer' and all Queensland road rules apply.

STAY SAFE!

- Never dive or jump into Lake Wabby or other lakes and creeks—they are often more shallow than they look and have hidden obstacles. Spinal injuries have resulted from these actions.
- Do not run, slide or roll down sand dunes. They are steep and unstable. Spinal injuries have resulted from these actions.
- Do not swim in the ocean; rips and sharks are common and it's not patrolled.
- Take extra care at Champagne Pools. Serious injuries have happened here.
- Where campfires are permitted, put your campfire out with water, not sand. Children have suffered terrible burns walking over fires covered with sand.
- Beach driving is best 2hrs either side of low tide.
- Avoid night driving—obstacles and wash-outs are very difficult to see especially when sea mists blow onshore.
- Do not take trailers on inland roads in dry conditions. Bogged vehicles can hold up traffic for hours. Be self sufficient with vehicle recovery gear. QPWS Rangers, if nearby, can offer some assistance, they cannot pull you free.
- Tune into local radio stations for weather updates.
- Best walking conditions are in the cooler months from May to September and in the cooler parts of the day, especially over sandblows.
- For the longer walks, let someone know where you're going, when you plan to return and what to do if you fail to return.
- In case of bushfires, stay away from thick bushland, and stay low to the ground where the air is coolest.

CHOOSE YOUR CAMP SITE

With 45 camping areas across the island you are bound to find some to suit your style.

BEACH CAMPING

Unfenced beach camping areas are located behind the foredunes at specific sites along the eastern beach. Use the access tracks. Don't drive on the dunes—the vegetation is quickly damaged but slow to recover. This is camping in the rough, so bring everything you need, including a portable toilet to make your stay more comfortable. Portable toilet waste disposal facilities are marked on the map.

Get away from the crowds and camp on the western beach. Boaties love these camp sites and so do mosquitoes and midges. Camping here is best in the cooler, drier months of August–October, but always bring insect repellent.

Small generators—sound-rated at 65 decibels or about 2.0Kva—are permitted (9am–9pm) where indicated on the map.

MOST POPULAR CAMPING AT A GLANCE

| Central Station | Dundubara | Waddy Point (top) | Waddy Point (beachfront) | Lake Boomanjin | Eastern beach zones | Western beach camping areas |

LARGE GROUPS AND SCHOOLS

Camping with your friends is lots of fun. Four group camping areas—Dundubara, Waddy Point (top), Central Station and Cornwells—cater for 20–40 people.

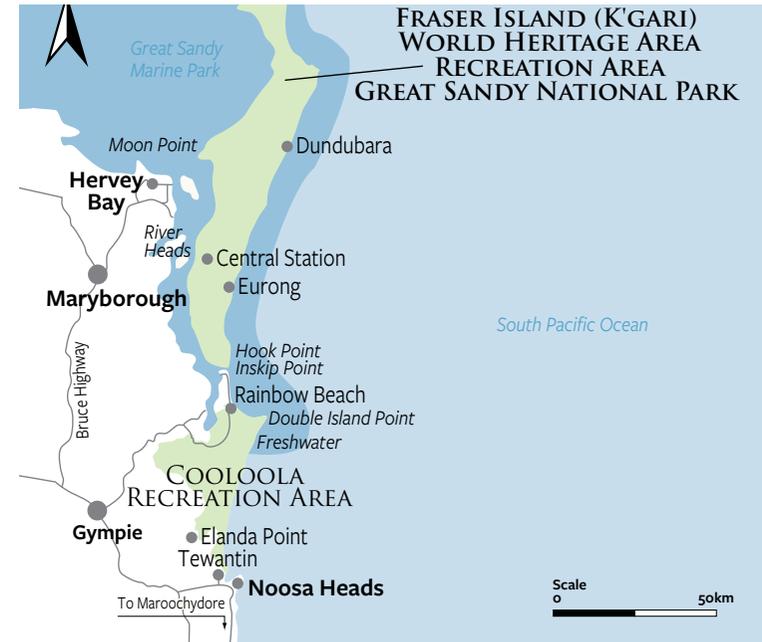

FAMILY-FRIENDLY CAMPING

Choose a camping area with a dingo deterrent fence. Highly recommended if you have children 14 years and under.

CAMPFIRES

Enjoy a campfire? Use communal fire rings at Dundubara and Waddy Point camping areas, when no fire prohibitions are in place. Only untreated milled timber (or mill off-cuts) can be used. Supervise children around the fire and put it out completely with water not sand, when you leave your camp site or retire for the night.

Campfires are not permitted anywhere else on Fraser Island Recreation Area. Collecting bush wood and kindling is not allowed. Penalties apply.

Keep DISCOVERING

By foot, 4WD, bus or tag-along tour, Fraser Island (K'gari) will enchant you. With coloured sands, rugged headlands and lakes galore, one visit is never enough!

STAY SAFE – RANGER TIPS

Driving on all beaches is best around low tide on the harder sand surface. Driving is easier on you, your passengers and your car.

Ranger Jim

If you see some of the island's wild dingoes, let them roam free and find their own food. We need to remember to give dingoes space. K'gari is their place.

Ranger Dan

Bring metal, or very hard plastic, food storage boxes with strong latches or flat straps. Fishers, you should use a bait bucket with a tight-fitting lid, so dingoes can't get into them while you're watching your line.

RANGER FAVOURITES

I was awestruck when I first saw Lake Wabby. I stood at Lake Wabby lookout and watched spellbound as the shadows of clouds danced across the sandblow's undulating dunes and the sun glinted off the emerald green waters of the lake.

Ranger Kim

I love to freeze time with my camera and capture the action when waves foam and fizz into Champagne Pools between half and full tide.

Ranger Emma

My favourite?
Eli Creek—a great cooling off place for families!
Ranger Jason

On days off I love to join my mates for a bit of fishing. We throw our catch straight onto the barbecue and savour the fresh sea taste.
Ranger Daniel

What diversity! Stingrays, sharks, dolphins, and in spring, whales cruising around Hervey Bay.
